Our Homage

SVH Founder-President Rotarian PDG Shyamal Datta

Anup Sengupta, Member, SVH

Sowrendranath Samanta, SVH Volunteer, Digital Editing, Digital Talking Book Project

Captain (retd) Jayanta Sengupta, Founder, Prerana School for the Blind, Siliguri & a friend of SVH for over three decades and

Beroz Vacha, a Pioneer & Torchbearer in Reaching Education to DeafBlind Citizens.

Vision

Society for the Visually Handicapped (SVH) is the leading Education Resource Support Body in India in general and in the eastern and northeastern region of India in particular, which addresses challenging demands of Reaching Education To Sightless Citizens in urban, rural, remote and inaccessible regions of the country.

Mission

Society for the Visually Handicapped (SVH), with its team of volunteers, and support from individuals and institutions, has developed an infrastructure to deliver free of charge:

Reading material in Braille and audio format to promote a Disability-sensitive, Disabled-friendly, Equal Opportunity and educated society by creating an effective network of students, special educators, general educators, parents and family members, Government, colleagues in the Disability sector, corporate sector, responsible citizens and community service organizations to design and deliver our objective, **Reaching Education To Sightless Citizens.**

SVH works with the nation's students and teachers from schools, colleges and Universities as well as authorities conducting competitive examinations leading to employment, focused on strong professional development, timely and academic-demand- appropriate production of education resource support and continuous counseling and guidance. All these are connected to life-skill training to facilitate orientation and mobility skill, personality grooming, self-reliance and music and oral communication capacity-enhancement.

Secretary speaks

The year under report constitutes a very important milestone in the progress of SVH. We felt sad to draw a final curtain to the era of Talking Book Project comprising audiocassette recorders and audio books in C60 cassettes. Many of our constructive and nostalgic memories became a part of history.

Learning to live with a buzzing Digital Talking Book Project, made possible by the generous grant of the Hans Foundation, which demands a command on technological tools, fast production, efficient networking among recordists, digital editors, computerized catalogs in files and service to beneficiaries, we are increasingly upgrading our skill and finetuning our alertness to make digital audio books more and more user-friendly through MP3 players.

We have owned a Computerized Braille Production set up through the full sponsorship of The Hans Foundation to promote Braille Literacy and reach Braille books to print-handicapped children and adult Blind Braille learners. It was a moment of immense pleasure when the first Braille book published and printed by SVH was released in public on 01 February 2014 at Uttam Manch, Kolkata!

We lost our Founder-President Rtn PDG Shyamal Datta who stood as an evergreen tree of ideas and inspiration before our Society. Some of our very close friends and wellwishers passed away too, for whom, we have dedicated a page, offering our Homage. To retain their positive presence in all our activities, what we have done is, we have planted saplings in memory of them in our premises so that the blossoms in every season will continue to energize us!

With deep gratitude to all our donors, individual and institutional members, volunteers and wellwishers, without whose 24X7 thoughtfulness and assistance this enormously large service delivery would not have been possible.

PROFILE OF THE SOCIETY FOR THE VISUALLY HANDICAPPED

Society for the Visually Handicapped (SVH) is a registered, non-Government, voluntary organization, founded in 1983 to Reach Education To Sightless Citizens, irrespective of caste, creed or religion. What began as a humble, dedicated service by a handful of committed individuals under the leadership of Rotarian Shyamal Datta and Mrs Anuradha Datta, has over the years, touched lives of hundreds of Persons with Low Vision, Vision Impairment and total Blindness, their families, leading to training, service and research.

We continue to depend on support from friends, well-wishers, individual and institutional donors, in cash and kind, who take pride on standing by the endeavors of SVH and share our milestones of progress and achievements.

SVH SERVICE NETWORK

This report presents activities of SVH conducted primarily from two points:

Registered Office and SVH Braille & Talking Book Library Service for the Blind at the State Central Library, Kankurgachi, Kolkata.

Registered Office (Helpline of SVH)

Active Team: Anuradha Datta, Joint Secretary, Shyamal Datta, Founder & Past President, Volunteers Asish Chandra, Lakkhi Guchhait, Raja Rajak, Radhapada Sarkar.

- Projects of SVH implemented from all the service points were monitored and coordinated from the registered office. Through periodic discussion, interaction and decision-making among Office bearers, members, project volunteers and advisors implementation was carried out.
- Meetings of the Governing Body, General Body, Subcommittees, Special Committees preceding and following each project were planned and conducted here. Annual cultural program leading to fundraising and publication were conceived and implemented here. Regular telephone contact among members as well as convening meetings, sending notices and organizing events with follow up tasks formed an important official task.
- Monitoring of accounts, finance transactions, maintenance of records and office documents, interaction with Government Departments were maintained.
- Responding to telephone calls from various parts of the country, offering appropriate consultation and counseling and receiving visitors who would turn up unannounced to seek assistance for various requirements. Maintaining a continuous communication network to respond to demand for counseling and rehabilitation, guiding donors and prepare updates on SVH's capacities formed an important task.
- Planning and execution of the annual event of fundraising, contacting old and new donors, conceiving the theme, venue and content of the annual cultural program, allotting assignments to concerned volunteers, publication, release and distribution of published souvenir, all these and many other hidden responsibilities were quietly carried out under the leadership of Mrs Anuradha Datta from here.

And all this resulted in saving of establishment cost and greater investment in empowerment of beneficiaries.

Major Service Highlights

SVH has over the years developed a special place for itself as an Education Resource Body for the Blind, through its unique Braille & Talking Book Library Service within a mainstream library set up. Visitors from other State Government Libraries, District Libraries as well as

University libraries from various parts of India have visited off and on to experience the functioning of this Section managed by volunteers and funded by private donors.

Consultation & Information Supply

Apart from queries from visually impaired users and their families, we daily received queries over phone and email from all over India and abroad relating to status of service for the Blind in the east and northeast region of India, special library service for the Blind, institutions networking information on Seminars, conferences, local NGOs organizing events and inviting our beneficiaries for participation, networking with special schools for the Blind and institutions and professionals serving Persons with loss of hearing, cerebral palsy and multidisabilities, request for academic articles from professionals, request for checking of PhD hypotheses etc.

Advanced technology has come to play an extremely facilitating role for the Blind and Visually Impaired persons. A number of foreign IT companies and their Indian agencies are tapping the market for prospective buyers. A large section of Visually Impaired persons too are earning good salaries and are upgrading their knowledge on operation of computer and IT gadgets. Often SVH is asked to play an intermediary role to make sure the buyers are not cheated and product manufacturers reach the right user. This calls for continuous upgradation of our knowledge covering a widely stretched domain.

Production of assistive devices for the Blind, their cost, mode of supply etc constitute another area where we have to interact with various type of persons such as visually impaired users and their parents, special educators, institutions for the education of the Blind, donors/sponsors etc. With the rapid progress of Sarva Sikhsha Mission, West Bengal IED, a number of private agencies have come up to procure and sell these aids and appliances as per allocation and utilization of Government funds. Status of SLRO demands that SVH maintains its own stock of aids and appliances as well as connect those in need of information with appropriate information.

Education Support for the Blind & Visually Impaired Students

Digital Talking Book Project

Education Status of beneficiaries

Rise in enrolment of Visually Impaired and Blind students in the local primary schools in 20 educational districts of West Bengal under the Sarva Sikhsha Mission IED project with requisite resource support, has brought a spurt in the enrolment, retention and educational progress of these students. In contrast to the decreasing rate of enrolment in special residential schools for the Blind, due to financial restraints, the ratio is higher in general schools.

Previously in rural areas parents with a disabled child would never imagine their child, especially Blind, can attend the nearest primary school with dignity along with their sighted peers. However wider participation of village level education committees, local NGOs, Human Rights and other Activist Groups, have worked as a monitoring agency on teachers and non-teaching staff to make sure no child is deprived of his/her Right to Education. As a result the demand for supply of Talking Books has jumped high and we have to stretch our arena of curricular material in audio format from Class I upwards. Our sincere thanks to the Hans Foundation for granting SVH a substantial amount of funds to take care of this expanded project.

This project consists of i. admission of students for membership with due endorsement by the Heads of the Institutions, ii. completing a Profile on each student-member with detail, iii. documenting each student-member with a photograph, iv. On submission of membership form duly completed students are oriented with operation of MP3 players, v. students who have so far been accustomed to handling of cassettes at their own pace learn to use tiny MP 3 players containing the entire syllabus recorded in one memory card, either through plugging in of earphones for a long stretch of period or listening through mini-speakers, vi. requisition of study material in person or over phone, vii. selection of academic study material from School to PostGraduate, MPhil & PhD level plus other competitive examinations e.g. SSC, NET/SET, viii. purchase of ink-print books for recording, ix. purchase of digital voice recorders with microphone for recording ink-print books, x. transferring of recorded material over to computer system for editing along with catalog preparation, xi. Edited audio books produced in master CDs, xii. Renaming of recorded files after editing for distribution among students in memory cards, xiii. manual cataloging of recorded titles during recording, xiv. Final catalog from computer as well as manual with master CDs, xv. check of master CDs for overall editing & sound by Blind persons, xvi. daily library service of lending and returning of Talking Books over the counter to individuals and institutions, xvii. student counseling and guidance, xviii loan of educational aids and appliances and xix. attention to special needs of library users.

Selection of academic study material for students

An annexed list of students of this service will show that by word of mouth an ever-increasing number of students enrolled in special schools, regular schools, Colleges and from 17 Universities, used our service regularly. These are as follows:

We collect syllabus showing the curriculum of studies and recommended books, compare and match common and uncommon topics, calculate our availability of time and resources, plan the timeframe for recording and give students a date for delivery. Most of these students come from long distances; hence one complete set is issued to a student for him/her to study till examination and then return.

Bengali being the medium of instruction for almost 99 % students, our Talking Book Collection is Bengali-language based except for those who take up English for higher studies. In the latter case now we guide them to utilize resources stored in the internet at national and global level.

Purchase of ink-print books

Since institutional libraries lend books for a restricted period, and often change of syllabus calls for new books, most of the textbooks and reference books are bought from the market and given to recordists for recording in order of priority. Xeroxed notes are recorded on special request from UG/PG/NET /BEd students.

Daily library service of lending and returning of Talking Books over the counter

Each student needs to complete a Membership Form for this SVH Library Service recommended and endorsed by the official institutional authority with a stamp-size photograph. Talking Book users and their escorts are then explained about the rules and regulations for using this Library service. For most of them it is a first time exposure to a library set up and we consider it important to inculcate in them the value of this service given free of charge. Users are expected to borrow and return in person the MP3 players and other equipment, loaned to them over the counter and inform the Service In-charge about the quality of the machine when returned.

Low Vision, Visually Impaired & Blind Users of Library Service

Scholarship

Sources of Scholarship

During the year education support in terms of scholarship was raised from three sources: (i) The Hans Foundation (THF) (FCR), (ii) SVH General Fund with contributions from individual and institutional donors within India and (iii) contribution of overseas individual and institutional donors through FCR.

Disbursement policy

While granting scholarship to Blind, Vision Impaired and Low Vision students pursuing higher education for over two decades, our priorities were (a) consistent academic record, (b) eagerness to pursue higher studies and (c) financial background. We found that 99% of these students are first generation learners; they belong to below poverty level (BPL)

families and in majority of these families mothers struggle to give education to their sons or daughters. There are also cases where a family has more than one Blind child and the burden is miserable.

Due to several factors e.g. attendance in College/University, non-availability of escorts, problem of road or railway communication, distance etc, it is not always possible for the beneficiaries to report on a scheduled date to collect scholarship. Hence occasional overlapping will be found in the disbursement figures which we request, may be considered with compassion.

We introduced this scholarship in a small way raising funds from our friends and well-wishers since the decade of 80s. Since last three years THF has generously supported SVH, encouraging this Education Empowerment Project, for which several students and their families feel a reassuring support. A few of the following case studies will illustrate our statement.

While disbursing the scholarship it so happened that some students would finish the course of studies or find an employment. In that case we decided to discontinue the grant for that student and transfer it to the next student in our shortlisted panel.

Scholarship disbursed from THF FUND

The Hans Foundation monthly scholarship (committed) grant @ Rs 500/-X 12 months for 15 students

Statement of Scholarship Disbursement

While monitoring progress of students enrolled with SVH education support, some points drew our attention. For instance some students were not serious about their studies and attempted to cheat us by telling lies. It was possible for us to track them through use of MP3 players. Then some students would bring back their MP3 players lost or damaged or tampered with. It could have been possible that their sighted family members, as they would defend, would take out the recorded chip and sell it off outside. Or simply damage the tool. We therefore decided to limit our support only to those who were serious about continuing their higher studies. As a result the following Table will show frequent change in names of recipients for which we request our Donor to bear with us.

Inspiring stories (Scholarship Recipients)

SAYERA KHATUN

Here we present Sayera Khatun. Sayera, a Urdu speaking Muslim, lost her vision since childhood. She comes from an extremely poor minority community of Kolkata. Her father worked as a watch mechanic but due to failing vision he had to stop the only occupation.

In 2005 Sayera passed from Calcutta Blind School, Behala, the third oldest Blind School in India. She has one elder brother who postgraduated in Urdu but was not able to find an employment. At the moment he delivers daily newspapers to homes in the morning. Her younger brother is preparing for competitive examinations but could not yet qualify for any recruitment.

Sayera would always come escorted by her mother Taheda Banu, both of whom looked extremely pale and undernourished. When Sayera was continuing her Higher Secondary studies she would give some private tuitions to Blind children here and there drawing a paltry sum.

In 2009-10 Sayera reported to us seeking educational support for her undergraduate studies in Calcutta Girls' College with Bengali Hons. Along with resource support in terms of recorded audio books, tape recorders we could arrange for her a scholarship support sponsored by the Boruka Charitable Trust, Jaipur. This scholarship support continued till Sayera completed her postgraduate in Bengali from the Jadavpur University, Kolkata. She then enrolled herself for her MPhil Course in Bengali from the Jadavpur University and continued to appear for various competitive examinations including the School Service Examination conducted by the Government of West Bengal. As there were intervals in her studies we decided to shift her with Adhoc scholarship support. One of SVH's volunteers, Miss Nita Dey, who teaches in Calcutta Blind School, volunteered to dedicate her Saturdays and Sundays to help Sayera cope up with her increasing load of studies.

Just two months back she was declared qualified for a teacher's post in a secondary school in Nodakhali, South 24 Parganas with a good salary and security of a Govt job. Sayera is very keen to complete her MPhil degree as she feels, once she becomes a teacher, her scope of taking up a research project will get restricted. With the support of the Hans Foundation, introduction of digital mode of recording of Talking Books and nano audio equipment making recorded material compact in one memory card, our volunteer recordists, took up a marathon recording to see she never has to wait for her study material. Her appointment letter will be reaching soon and we at SVH along with our Donors pray may Sayera lead a life of self-reliance and deliver knowledge to sighted students in her school!

Dipankar Sarkar

Dipankar was born on 15 August 1986 in a low income group family in a remote village in the north 24 Parganas, West Bengal. Early in his childhood he lost vision in both eyes the cause of which doctors could never diagnose. His is a family, originally belonging to present Bangladesh and they came in West Bengal as penniless refugees. Most of their possessions were usurped by their own family members and finally his parents, struggling hard against financial hardship and moving one place to another, came to live in a Govt accommodation here. Both Dipankar and his immediately elder brother Biswajit (sighted) are their parents' advanced age sons. After a lot of search and inquiries, Dipankar was admitted in the Ramakrishna Mission Blind Boys' Academy, Narendrapur, a special school in the southern suburb of Kolkata.

He studied in the special school from 1994 to 2006 when he qualified in the 10th Class West Bengal Board Examination with flying colors. The Mission authorities however refused to admit him in their well-reputed, elite residential College in the same premises to facilitate his higher secondary examination. So Dipankar came back to his rural home and got himself admitted in the local Dakshin Chatra High School, where there was absolutely no awareness, no infrastructure to enable a student with loss of vision to go for higher studies. Here Biswajit took the cudgels and made an all out effort to make sure his younger brother did not have to lag behind in acquiring higher education. Finally Dipankar was able to qualify with high marks in his higher secondary examination and got admission in the Jadavpur University, Kolkata for his undergraduate course of studies.

It was at this point of time that Dipankar, around 2008, landed up at our Society asking for recorded study material for his Hons in Bengali. Now there was no looking back and Dipankar completed his undergraduation in the first class while one of our volunteers, Mrs Nandini Sarkar, came forward to sponsor a scholarship for him. He then completed his postgraduation in Bengali obtaining a first class against tough competition from sighted students. This year he has enrolled himself for BEd, a Course for training teachers from the same University.

In the meanwhile with our resource support, which was made possible largely through the support extended by the Hans Foundation facilitating digital recording, Dipankar began appearing for various competitive examinations leading to employment. He just cracked through the School Service Commission examination conducted by the Government of West Bengal and stood qualified while thousand of sighted students could not qualify. He is awaiting his appointment in a general school where he will deliver knowledge and education to sighted kids, earn a decent salary and support his parents and brothers who shared their own meager meals to see him stand self-reliant.

He still aims high. He now prepares himself for College Service Commission examination so that he can hone up his brain with more knowledge! And the most overwhelming point to note here is that his brother Biswajit who worked day and night in a call centre to support his brother, gave up his job and oneday just landed at our Library to say that he would feel happy to work with us for the Blind and vision impaired persons with his computer skill and doesn't care whatever we pay. We tried to convince him that this is an emotional decision and that we really can't afford to hire him on a regular basis as our resources are limited.

But here The Hans Foundation stepped in like a God-send and now we are able to include him in our team of volunteers with grants that THF gives to SVH and its impact is touching lives of hundreds of Blind and Vision Impaired students who appear at our Library showing a keen interest to have education and bring an improved quality of life for themselves. Thank You, THF!

Braille Literacy Project

Manual Braille Transcription

During the year manual transcription of Braille was done with equal dedication by Rekha S Godbole. This service was specially given to Rashmi Maruwada, Class IX student of Patha Bhavan, Kolkata to enable her to cope up with her classroom load of studies.

Shakespeare (abridged)

Merchant of Venice: Braille pages 1 to 43

King Lear: Brl pgs 1 to 46

A midsummer night's dream: Brl pgs 1 to 36

Macbeth: Brl pgs 1 to 46

Silas Marner: 8 chapters (5 Volumes)

Total brl pgs 1 to 164

Computerized Braille Production

In December 2013 one Basic D Braille Embosser was installed at the SVH Library Section and Sukla Roy, who took training in Braille for Sighted Transcribers from SVH way back in 1995-96 took charge of this project with her rich knowledge in computer and Braille production. Following Table shows the titles (for children) published between January and March 2014.

Workshops/Special Day Awareness Program

SVH Helen Keller DeafBlind Awareness Day 27-28 June 2013

No of Blind and Visually Impaired student-participants: 92 (Male & Female)

Escorts and others: 52 Total 144

After registration on 27 June 2013 at 10 AM onwards, participants were given a brief orientation on the models and operation of MP3 Players which they will require to listen to their academic material. Each participant was gifted a backpack containing a toilet kit, one steel plate and glass, one towel, some dry food and a bottle of drinking water.

At 1.30 PM all of us left the State Central Library, Kankurgachi venue by two rented buses and arrived at the Adyapith near Daksineswar at 3 PM. From there we walked for about 15 minutes to reach the Yogoda Math, an international center for Yoga and Meditation with heritage background. Swamijis there provided us with refreshments and accommodation for 30 participants and 11 officials.

At 4.30 PM we walked upto Daksineswar Kali Temple, described the environment to the students and walked back to Adyapith for nightstay with partaking of Prasad. Weather was miraculously dry facilitating the movements of the participants.

On 28th June we all gathered again in the premises of Yogoda Math, located on the bank of the Ganges. At 8.30 AM Swami Achyutananda and Swami Shuddhananda conducted a brief *Satsang* and inspired the students with techniques of how to relax and meditate. They drew our attention to the existence of a Third Eye which remains constantly awake in our body and how to focus on it. This was followed by a generous breakfast served with deep sincerity by the devotees of the Math.

At 10.30 AM again we took the buses to reach Sri Ramakrishna Math, Belur. As the time for a queue to partake of Prasad arrived we all went straight to the Dining Hall where the devotees took special care to serve Prasad to all participants. Around 12.30 PM Swami Sarvapriyananda, Registrar, Belur Math University address the gathering briefly and highlighted the features of the Math, its symbol and other detail. Since the Temple got closed, he invited all of us to visit again for a *darsan*.

We had about 50% of our participants who were followers of Islam and they really enjoyed the visit.

Workshop on Voice Control, Speech Clarity & Effective Listening 13-14 December 2013

It was a single day program beginning with a *Satsang* and followed by three sessions dealing with **training on voice control, speech clarity and effective listening**. From the State Central Library we escorted nearly 35 Blind participants, male and female, first to Sealdah station. The Divisional Railway Manager had been extraordinarily kind in giving us accommodation in the VIP Retiring Room and then helping us board the train for Dakshineswar. From Dakshineswar we hired local auto courtesy late Sowrendranath Samanta to reach the Yogoda Satsang Society.

The Workshop was conducted by Ranabir Datta (Blind), an employee of Southeastern Railway, Kharagpur, and an accomplished recitation-presenter, assisted by two Resource Persons. All the participants felt deeply enriched after attending this Workshop.

Louis Braille Day 04 January 2014 Origami Workshop for Blind students

Resource Persons: Birendranath Mukherjee & Biswajit Chanda

Venue: Auditorium of the State Central Library, Kankurgachi, Kolkata

Every year SVH observes special events like Louis Braille Day by empowering our Blind beneficiaries with some new skills. This year the theme was Origami. Participants immensely

enjoyed the shapes and figures which they could create by simply making folds on paper. It not only gave them an opportunity to bring their tactile skill active in matching with concepts they frequently hear but also motivated them to learn about new objects which they do not frequently come in contact e.g. a soft set. Resource Persons went out of their way to make the participants learn the skill.

LIFESKILL Training through Adventure Camps

2nd Coastal Trek for Blind Youths at Puri, Odisha

January 16-19, 2014

Organized by the Society for the Visually Handicapped, Kolkata

Sponsored by The Hans Foundation, New Delhi

Total Participants/Trainees: 33 (Male 21+Female11) + Escorts 17+ Resource Persons 6= 56

With THF support it has been possible for SVH to organize a 2nd coastal trek for the Blind and Vision Impaired youths, possibly the first in the Eastern Region of India. Experience of stepping on the sand opened a new chapter in the concept of Orientation and Mobility. Roaring of the Sea, layers of wet and dry sand, smell of saline air and fishing net gave a completely new enchanting experience to the 33 participants in January 2014. What was all the more special about this trek was that

- (a) While waiting at the Railway Yatri Nivas Howrah to catch the late night train, we conducted a quick survey of the participants about their attitude, approach and aspirations which this trek may generate in them. Out of the 33 participants only one or two reported having ever visited Puri either as a place of pilgrimage or to experience the sea and the seashore or just for fun escaping on a short holiday. Majority had no idea about the saline water, salt-soaked air and vastness of this natural water body that eyes fail to measure. The point of misery was that many of them had some member of their family having visited Puri at some point of time but they never bothered to inform the vision impaired child or youth of the family about how the sea attracts human beings with all its beauty and danger.
- (b) We booked our accommodation of the entire team at the Yatrika Dharamsala, away from the hustle bustle of the tourist site, closer to the Mohona. The back gate of this Dharamsala opened straight to the sea. We planned to conduct a walk on the sand prior to giving them some lessons on Orientation and Mobility skills on sand.
- (c) Last year during the first trek we were apprehensive about the safety of escorting them for a water splash in the sea. But this year we were confident, we hired expert boatmen, who worked as guides and asked them to bring rubber tubes to facilitate independent movement of the Blind students in the sea.

We are convinced that with THF support we can organize an improved Camp in 2015 with fresh participants.

Nature Study Camp for Rural Blind Children, Lataguri, north Bengal

SVH hosted the annual Nature Study Camp for Blind Children at Resort Pasakha, Lataguri 19-23 February 2014 sponsored by the Hans Foundation. Mission of this project is primarily to facilitate mainstreaming of the unreached and deprived Blind children of migrant labors, teagarden workers and remote village families who are not aware about the Right To Education and available resource support. Deputed by Sarva Sikhsha Mission Jalpaiguri & Siliguri Districts, these children spent every moment in the camp with music, fun and laughter. SVH volunteers had an intimate interaction with each camper and tried their best to demonstrate MP3 players and supplied various educational aids & appliances carried from Kolkata.
