Secretary speaks

Society for the Visually Handicapped (SVH) earned another feather in its cap when the "National Mission on Libraries (NML)-upgradation of libraries providing service to public", an outcome of the recommendation made by the Knowledge Commission, declared the State Central Library West Bengal as a Model Library in the country on the ground that it runs a Braille & Digital Talking Book Library Service for the Blind & Vision Impaired within a mainstream library set-up by a non-Government voluntary organization!

Among several other positive developments which nourished and strengthened the growth of SVH, the foremost one is the fact that vision-impaired students of various age-groups, driven by a desperate urge to educate themselves are turning up in the Library and demanding service!

For years we planned to communicate with our beneficiaries on how to map out, at least in a humble way, how equipped is their 'Mind' to negotiate daily challenges of various indignities which people at large thrust upon them. To our utter surprise, hosting of two Workshops made us deeply enriched to find them soaking with cheer, laughter, music and camaraderie, despite having a severe organic-impairment. We salute them!

During our three-night coastal trek at Puri we hosted an Odishi-dance training workshop for the Blind and DeafBlind trainees. Shri Narayan Pandey, a reputed performer and teacher upholding the dance-tradition of Guru Kelucharan Mahapatra, was persuaded to take up this challenge! Though initially quite hesitant, Pandey Sir finally took up the assignment and was floored to see the eagerness, intelligence, patience & perseverance among his students, male and female, assisted by escorts.

We could innovate an idea for employing a few of our Blind volunteers, young, middle-aged and senior citizens, both male & female. The task assigned was to listen to raw-data submitted by recordists, noting down in Braille the lapses, before the same was sent to digital editors. Payment was arranged per GB of data. This home assignment made them neutrally active, earn money while staying long hours at home!

Our friends, well-wishers and donors stood by us constantly and expressed their appreciation for the small empowerments that SVH could give to its beneficiaries. We feel honored!

Brief about the organization

Our mission

Our organization was founded in 1983 with the aim of “REACHING EDUCATION TO SIGHTLESS CITIZENS”. Stepping into the thirty-third year this February [2016], we still prioritize this as our foremost task ahead.

Vision

- Each and every child with Vision Impairment must possess a Braille book, a Braille writing Kit, an abacus and an audio Ball while attending his/her nearest primary school classroom with his/her sighted peer under Equal Opportunity Inclusion set up
- Each and every adult losing vision due to incurable genetic diseases or accidents or surgical failures must be motivated to learn Braille to be literate again
- Print and publish as many Braille books as possible and on as variety of subjects as possible to encourage a Braille reader to be more informed about the world he/she lives in
- Record and prepare a large variety of Talking books with latest technological aids & devices so that a Blind person can compete successfully with his/her sighted peer
- Generate a spirit of freedom to read, freedom to move from place to place independently and negotiate a life of challenges and hurdles with a smile and grace
- Empower with skills to pursue higher education, technical education, music, dance, theater etc performing arts and mobility to lead a life of his/her choice.

Core values

- Approach to serving a Person with Disability in general and one with Vision Impairment in particular, must comprise treating them with dignity, on Equal Rights & Equal Opportunity basis
- No discrimination should be made among beneficiaries on the ground of gender, caste, creed or religion
- Service should be delivered with dignity and above self-interest.

Our History

ORGANIZATION HISTORY/BACKGROUND

Founded February 23, 1983 by 12 dedicated members with the aim of REACHING EDUCATION TO SIGHTLESS CITIZENS. Inspired by Dr Miss Nurgez J Sethna, Professor of Maternal & Child Health, All India Institute of Hygiene & Public Health, Government of India, who was rapidly losing vision due to Retinitis Pigmentosa (RP), a genetic eye ailment, which continues to devastate lives of adults and children, without any remedy, all over the world.

During the initial years say 1983-1985 it was a full-fledged exercise which members and a small group of volunteers took upon themselves to interact with local Blind persons and their families, learn and promote Braille training, service and research and sensitize the community about equal rights and opportunities which a Person with loss of vision deserved.

In 1989 the first step was worked out with the Himalayan Mountaineering Institute, Darjeeling under the Ministry of Defence, Government of India and the Indian Mountaineering Foundation, New Delhi, to mainstream Persons with Low Vision, Vision Impairment and total Blindness by imparting Life-skill training through Adventure Program such as Rock-climbing, Mountaineering and high-altitude treks upto Dzungri 13000ft in the West Sikkim. This course covered Blind young men and women joining from different parts of India, making it the first organized mountaineering training of the Blind in the world. This annual course continued till 2001 when SVH opted for Nature Study Camps for rural Blind children to comply with budgetary constraints.

1989 onwards volunteers began recording audio books in cassettes for Blind students and giving live readers' and writers' service to Blind students pursuing higher education within West Bengal.

15 September 1996 on behalf of the Library Ministry, Government of West Bengal, Amitava Bose, Chief Librarian, State Central Library West Bengal, an apex Library of the State Government, invited the Society to open and manage a Braille & Talking Book Library in their newly constructed Library building at Kankurgachi on PPP model where the space and infrastructure were extended by the Government while SVH raised funds to manage expenses and investment cost of this unit with the help of volunteers who worked hard to meet with limited resources academic demand of students.

1996-2010 SVH has been tagged by Government, non-Government, private organizations, special schools for the Blind and special educators serving the cause without sufficient knowledge and appropriate aids and appliances for the Blind to share resources and expertise to bring a qualitative change in lives of Blind people. In 2010 The Hans Foundation contacted SVH as a God-send source of support and since then there was no looking back. We work hard to fulfill our passion "REACH EDUCATION TO SIGHTLESS CITIZENS."

Over the years many new volunteers, some of them are trained special educators, have joined and we chose to pay them cost of job depending on the provisions in the Grant. Our friends and wellwishers continue to support us with their modest contributions in cash and kind which forms our General Fund to enable us to manage some special expenses for our Blind beneficiaries.

Table showing detail on Projects

SI no	Project	Beneficiaries	Issues	Goals
1	Education Empowerment Project Aids & appliances e.g. Braille slate, Braille paper, Brailler, audio books, abacus, Taylor frame, white cane, audio balls, Talking watch & Tactile aids Give scholarship to selected students on the basis of merit and financial condition	All age-groups of Blind citizens	Develop a bank of aids & appliances Develop training modules Train special educators Develop Self-learning Manuals Host Workshops	Instant supply of an education/mobility aid/equipment Train the user for an optimum use of the aid Sensitize family members & volunteers with updated data Arrange interaction between the supplier & recipients
2	Digital Talking Book Project	School to post-PhD level Blind citizens and senior citizens	Consult users & keep updated about syllabus of 19-20 Universities Select material for audio recording Train volunteer-recordist as per requirement of Blind users Editing of digitally recorded books Library service delivery through MP3 players Sound checking of each and every master CD by Blind volunteers	Acquire ink-print books in advance following the print syllabus Assigning recordists with appropriate material for recording with scheduled timeframe Cope with the print syllabus to enable the Blind students with as much audio books as possible

3	Computerized Braille Book Production Project	Pre-Primary School-level to HS level. Higher education material on request.	Functioning Braille Printing Presses are overburdened with academic material.	We keep on conducting a survey of Braille users and their choice of reading material at various Institutions and from individuals. Then we select material for Braille printing with focused target of Blind children and adolescents.
4	Life-skill Training through Adventure sports, coastal trek and Nature study-Jungle camps	For Coastal trek we select adult Blind young men and women pursuing higher education to become independent & self-reliant through developing of body-confidence. For Jungle Camp we select Blind children from BPL families of Teagardens, migrant labors enrolled through Sarva Sikhsha Mission Schools	Our Society first started this Adventure Camps for the Blind in 1989 onwards and now many other Institutions are participating in similar camps held by Mountaineering Clubs covering all areas of Disability. This Camp is used as a mode by SVH to connect its beneficiaries with the help of Special educators to access Braille material, Talking Book material, aids and appliances and counseling and guidance.	It becomes difficult to communicate with parents of these children as they live totally away from mainstream life and are ignorant about abilities of a person with loss of vision. They suffer from low self-esteem due to insensitive community members. The process begins in the Camp and we follow it up from Kolkata and reach service to them.

PROJECT EDUCATION EMPOWERMENT FOR LOW VISION, VISION IMPAIRED & TOTALLY BLIND PERSONS

Education Support for the Blind & Visually Impaired Students

- i. Membership Enrolment of new students & renewal of old students
- ii. Assessment (academic) of requirement of students; Braille books, Talking books, other aids
- iii. Distribution of Aids & Appliances
- iv. Grant of scholarship

- v. Digital Talking Book Library Service
- vi. Computerized Braille Book Service
- vii. Life-skill training through Adventure Sports

Education Status of beneficiaries

Rise in enrolment of Visually Impaired and Blind students in the local primary schools in 20 educational districts of West Bengal under the Sarva Sikhsha Mission Inclusive Education project with requisite resource support, has brought a spurt in the enrolment, retention and educational progress of these students. In contrast to the decreasing rate of enrolment in special residential schools for the Blind, due to financial restraints, the ratio is higher in general schools.

Previously in rural areas parents with a disabled child would never imagine their child, especially Blind, can attend the nearest primary school with dignity along with their sighted peers. However wider participation of village level education committees, local NGOs,

Human Rights and other Activist Groups, have worked as a monitoring agency on teachers and non-teaching staff to make sure no child is deprived of his/her Right to Education. As a result the demand for supply of Braille Writing Kit and Talking Books has jumped high and we have to stretch our modest resources to cope up with this increasing demand. Earlier audio material for curricular books was kept restricted for circulation among students upto Class VIII to facilitate their language and spelling skill development through Braille reading and writing. But for various reasons this rule was relaxed and Class one onwards all reading material has been recorded for circulation. Our sincere thanks to The Hans Foundation for granting SVH a substantial amount of funds to take care of this expanded project.

These projects consist of

- i. Admission of students for membership with due endorsement by the Heads of the Institutions,
- ii. Completing a Profile on each student-member with detail,
- iii. Documenting each student-member with a photograph,
- iv. On submission of membership form duly completed students are oriented with operation of MP3 players,
- v. Students who have so far been accustomed to handling of cassettes at their own pace learn to use tiny MP 3 players containing the entire syllabus recorded in one memory card, either through plugging in of earphones for a long stretch of period or listening through mini-speakers,
- vi. Requisition of study material in person or over phone,
- vii. Selection of academic study material from School to PostGraduate, MPhil & PhD level plus other competitive examinations e.g. SSC, NET/SET, Staff Selection, Railway Board etc,
- viii. Purchase of ink-print books for recording,
- ix. Purchase of digital voice recorders with microphone for recording ink-print books
- x. Transferring of recorded material over to computer system for digital editing to editors along with catalog preparation,
- xi. Edited audio books produced in master CDs,
- xii. Renaming of recorded files after editing for distribution among students in memory cards,
- xiii. Manual cataloging of recorded titles during recording,
- xiv. Final catalog from computer as well as manual with master CDs,

- xv. Check master CDs for overall editing & sound by Blind persons,
- xvi. Daily library service of lending and returning of Talking Books over the counter to individuals and institutions,
- xvii. Student counseling and guidance,
- xviii. Loan/gift of educational aids and appliances and
- xix. Attention to special needs of library users.

We collect syllabus showing the curriculum of studies and recommended books, compare and match common and uncommon topics, calculate our availability of time and resources, plan the timeframe for recording and give students a date for delivery. Most of these students come from long distances; hence one complete set is issued to a student for him/her to study till examination and then return.

Bengali being the medium of instruction for almost 99 % students, our Talking Book Collection is Bengali-language based except for those who take up English for higher studies. In the latter case now we guide them to utilize resources stored in the internet at national and global level.

Purchase of ink-print books

Since institutional libraries lend books for a restricted period, and often change of syllabus calls for new books, most of the textbooks and reference books are bought from the market and given to recordists for recording in order of priority. Xeroxed notes are recorded on special request from UG/PG/NET /BEd students.

Daily library service of lending and returning of Talking Books over the counter

Each student needs to complete a Membership Form for this SVH Library Service recommended and endorsed by the official institutional authority with a stamp-size photograph. Talking Book users and their escorts are then explained about the rules and regulations for using this Library service. For most of them it is a first time exposure to a library set up and we consider it important to inculcate in them the value of this service given free of charge. Users are expected to borrow and return in person the MP3 players and other equipment, loaned to them over the counter and inform the Service In-charge about the quality of the machine when returned.

Scholarship

Sources of Scholarship

During the year education support in terms of scholarship was raised from three sources: (i) The Hans Foundation (THF) (FCR), (ii) SVH General Fund with contributions from individual and institutional donors within India and (iii) contribution of overseas individual and institutional donors (FCR). We disbursed two type of scholarship, one a committed amount per quarter and the other an Adhoc grant to enable those students who remain unreached by regular scholarship support, to enable the latter to meet various financial demands i.e. payment for readers/writers, examination /admission fee etc for pursuing higher education.

Disbursement policy

While granting scholarship to Blind, Vision Impaired and Low Vision students pursuing higher education for over two decades, our priorities remain (a) consistent academic record, (b) eagerness to pursue higher studies and (c) financial background. We found that 99% of these students are first generation learners; they belong to below poverty level (BPL) families and in majority of these families mothers struggle to give education to their sons or daughters. There are also cases where a family has more than one Blind child and the burden is miserable.

Due to several factors e.g. attendance in College/University, non-availability of escorts, problem of road or railway communication, distance etc, it is not always possible for the beneficiaries to report on a scheduled date to collect scholarship. Hence occasional overlapping will be found in the disbursement figures which we request, may be considered with compassion.

We introduced this scholarship in a small way raising funds from our friends and well-wishers since the decade of 80s. Since last three years THF has generously supported SVH, encouraging this Education Empowerment Project, for which several students and their families feel a reassuring support. A few of the following case studies will illustrate our statement.

While disbursing the scholarship it so happened that some students would finish the course of studies or find an employment. In that case we decided to discontinue the grant for that student and transfer it to the next student in our shortlisted panel.

Scholarship disbursed from THF FUND

The Hans Foundation monthly scholarship (committed) grant @ Rs 500/-X 12 months for 15 students. The Hans Foundation Adhoc scholarship grant is Rs 1000/-X 25 students per year. For other sources of scholarship the amount for committed ones remain the same while for Adhoc grant it may vary depending on their requirement.

Statement of Scholarship Disbursement

In addition to committed grants small donations to SVH were pooled to extend one time financial support to as many Blind students as possible.

While monitoring progress of students enrolled with SVH education support, some points drew our attention. For instance students suffering from multiple disabilities need special attention and support. During the year two such female students, namely Chhottikumari Shaw and Chumki Pramanik were granted special support.

A few students were found not so serious about their studies and attempted to cheat us by telling lies. It was possible for us to track them through follow up of use of MP3 players. Then some students would bring back their MP3 players lost or damaged or tampered with. It could have been possible that their sighted family members, as they would defend, would take out the recorded chip and sell it off outside; or steal it or simply damage the tool. We therefore decided to limit our support only to those who were serious about continuing their higher studies. As a result the following Table will show frequent change in name of recipients for which we request our Donor to bear with us.

Case-study

Surajit Das

Surajit and her elder sister Rupashi are both totally Blind from an early age. Surajit came to SVH after passing his Xth Board Examination from Ramakrishna Mission Blind Boys Academy, Narendrapur, Kolkata.

Surajit's father is a daily wage-earner in a local sweetmeat shop and his mother a home-maker with serious financial constraints.

Surajit continued to receive support in terms of Braille & Talking Books from SVH from Class XI onwards. He got himself admitted in his undergraduation course with Bengali Hons at the Rabindra Bharati University, Kolkata. To facilitate his studies SVH granted a scholarship sponsored by the Boruka Charitable Trust, Jaipur.

After completing his undergraduation Surajit enrolled for his postgraduation in the same University and passed successfully in 2014-15. Meanwhile Surajit was appearing for various competitive examination for an employment and again enrolled himself for BEd (Special Education) in RBU to continue his studies.

In 2015 Surajit was selected for clerical post in a West Bengal Govt service. However in 2016 he got a call from the Port Trust of India, Government of India and joined there. His sister Rupashi is continuing her BEd (Special Education) with the support of the Boruka Charitable Trust, Jaipur.

Innovative employment for Blind beneficiaries of SVH 28 June 2016

For our Digital Talking Book Project supported by the Hans Foundation, volunteers of the Society for the Visually Handicapped, Kolkata, would collect the unedited recorded data from narrators and pass them over to digital editors for editing; then it will be approved by our two master IT personnel and then only the book will be stored in a master CD.

What we found was that editors needed to devote considerable costly & skilled time to sort raw data before they could take these up for editing. The viable alternative flashed in our mind was that let our Blind master CD checkers be given the assignment to listen to the raw data of recordists/narrators, make note in Braille their findings, check for correction if possible and then let it go to the editors. What has been found very heart-warming is that our beneficiaries would come twice a week for master CD checking. This raw-data checking they are taking as home assignments for the remaining five days of the week, along with an EVD player, electric extn board and they are so happy to be able to do this work at home instead of sitting idle. During the year, though the project started in the fourth quarter, we have seven of them working, Meena Samanta (Female), Meena Mondal (Female) , Priyanka Kundu (Female), Putul Das (Female) and Renu Agarwalla (Female). Among female Blind volunteers again, Renu Agarwalla, belonging to an affluent and conservative Marwari family, had been associated with us since the late 80s, when she was taught Braille and sent to YMCA College of Physical Education, Among males there are Panchugopal Paramanik and Swapan Biswas.

They are also taking turn to work as Braille proofreaders, a skill that we would insist on their daily practice.

Gift of Audio Book Domain

Dr Abhisek Ghosh, teaching in Grand valley State University, USA, and a friend of SVH, first advised us to upload the digitally recorded audio books hiring a domain at SOUNDCLLOUD, during his visit to our Helen Keller Day program. He even volunteered to sponsor the site for us. After a delayed effort on our side, due to heavy pressure of various assignments, we approached Dr Dev T Das & Dr Mrs Shuktara Sen Das, USA for a site for SVH in SOUNDCLLOUD, when they dropped by at SVH Braille & Talking Book Library with his family in 2015. Dev was extremely generous to sponsor a site for SVH and slowly a number of audio books have been uploaded there shown under "SVH Playlist". <<https://soundcloud.com/svh2015>>

SOUNDCLLOUD has opened a new vista of information to listeners both vision-impaired and sighted and has given the costly investment made by The Hans Foundation in terms of recording, raw-data checking, editing & master-CD checking a highly meaningful return as far as knowledge sharing is concerned.

Nature/Jungle Camp for rural & tribal Blind Children

Between 18 & 23 December, an annual Camp for Children with various disabilities is hosted by the Himalayan Nature & Adventure Foundation (HNAF), Siliguri, a leading environmental consultant and adventure sports body. This year the venue was Samsing forest in north Bengal, close from New Mal Junction. Siliguri and the whole of north Bengal being an earthquake-prone area, our Society decided to organize our Nature Camp for Blind children with HNAF under the expert guidance of Animesh Bose.

There were 120 + Campers with loss of vision, loss of hearing, cerebral palsy and intellectual impairments who enlivened the Camp with their independent movements, self-confidence, freedom and cheer in a barrier free environment. There were 20 Blind and Vision-Impaired children who came from local teagardens. SVH volunteers Purnima Ghosh, Shila Das and Tapasi Nandi stayed with the Campers in tents in a chilling weather from 18th to 23rd Dec. Five officials from SVH attended the inauguration of the Camp and daily attended the Camp activities from 18th to 20th Dec 2015. Please see video set 3 for photo-documentation of this project. Dr Mrs Ketaki Gupta, about whom we mentioned in the previous report accompanied us in this trip. Please see video set 3 for photo-documentation of the project.

Pre-Festival Workshop hosted by SVH

Pre-Festival Workshop hosted by SVH on 07 October 2016 at the auditorium of the State Central Library West Bengal, Kankurgachi, Kolkata

Theme: "Mone ki bhabhi"-Dristi-pratibandhider niye sravan-manan Karmasala (Workshop on "Mind Awareness" among Blind beneficiaries)

Purpose

For long volunteers at SVH have been eager to interact with the Blind beneficiaries with whom we interact off and on but never found time to sit quietly and listen to what they imagine in their mind for various reasons, lack of eye contact, lack of enough familiarity which may cause an encroachment in the privacy of the other person, above all lack of focused preparation to take up such an endeavor. Swati Sharma from The Hans Foundation first of all directed us to make some headway in this vital human zone and arrival of Dr Uttara Ray, a renowned Psychologist and a

brief discussion with her made us decide to host the above Workshop as the first step forward. Dr Ray very kindly sent a draft set of questions which we discussed and adapted in the light of our long experience to make sure we do not hurt the dignity of any participant. Sukla Roy from our Computerized Braille Production Project, promptly embossed Braille copies of the questionnaire which gave the participants especially the senior students considerable freedom to think of the answer.

Program

For convenience of handling a large group of Blind & Vision Impaired participants and helping them settle down mentally to understand the theme of this Workshop and react to the questionnaire placed by the SVH Resource Persons, well in advance preparation was made, Groups were formed, volunteers were assigned and a mood of cheer and fellowship was ensured heralding the festivals of Id and Durgapuja. Calcutta Blind School (CBS) and Lighthouse for the Blind (LFB) encouraged this Workshop by sending some students for participation complying with our request. As per SVH policy, parents though of a heterogeneous background were included in the Workshop to get acquainted with thoughts and expressions of their vision impaired children.

Explanation [Source: www.daysoftheyear.com]

Disability Day, or the International Day of People with Disability, is a day that has been promoted by the United Nations since 1992. The aim of Disability Day is to encourage a better understanding of people affected by a disability, together with helping to make people more aware of the rights, dignity and welfare of disabled people, as well as raise awareness about the benefits of integrating disabled persons into every aspect of life, from economic, to political, to social and cultural. Disability Day is not concerned exclusively with either mental or physical

disabilities, but rather encompasses all known disabilities, from Autism to Down syndrome to Multiple Sclerosis.

The History of Disability Day

Everything started in 1976, when the United Nations General Assembly made the decision that 1981 should be the International Year of Disabled Persons. The five years between the making of that decision and the actual Year of Disabled Persons were spent contemplating the hardships of the disabled, how the opportunities of the disabled could be equalized, and how to ensure the disabled take part fully in community life enjoying all of the rights and benefits non-disabled citizens have. Another issue that was touched on was how world governments could go about preventing disabilities from touching people in the first place, so much of the talk was about the viruses and other illnesses that lead to various kinds of disability. The decade between 1983 and 1992 was later proclaimed 'the United Nations Decade of Disabled Persons,' and during that time, all of the concepts previously created became parts of one long process that was implemented in order to improve the lives of

SVH Program

This event was conceived at a very short time guided by the Hans Foundation. We talked to the authorities of the **BIDHAN SISHU UDYAN (BSU)**, Kankurgachi, Kolkata and decided to hold a demonstration before general school students and their parents in the neighborhood and visitors at BSU, the special needs of a person with vision impairment in education and how these needs can be volunteered from the community. Tables as detailed below were spread out on the open grass of BSU with a small pandal where release of the SVH Braille edition of 'Kheyalkhushi', a bi-monthly published by BSU. Although an unexpected heavy shower in the month of December soaked us to the skin still the program created considerable impact on the visitors.

4.30 PM: Registration of participants (sighted children enrolled at **BIDHAN SISHU UDYAN** for various co-curricular and extra-curricular activities, their parents, SVH volunteers, Special Educators, SVH resource Persons and Low Vision, Vision Impaired and totally Blind students. SVH Annual Cultural Program

hosted by SVH on 05 February 2016 at 5PM at Sukanta Mancha, Beliaghata, Kolkata.

On Friday 05 February 2016 the annual cultural program of SVH was held at Sukanta Mancha, Beliaghata, Kolkata at 5PM. During the inaugural part of the program one new harmonium donated by Brijesh Agarwal was handed over to Manu Paswan (Blind), a Bachelor of Music, Rabindra Bharati University student who badly needed this instrument. Her joyful song played with this harmonium set the tune of the evening. This was followed by the release of the SVH Braille book "Thakurmar Jhuli". Blind artist Bacchan Shaw sang devotional songs accompanied on Tabla by Heera Chakraborty.

The second part of the program consisted of two parts: first performance of a dance-show accompanied by music by Hearing Impaired girl students of Ramakrishna Vivekananda Mission, (RKVM) Suryapur, which created an amazing impact on the audience to note how hearing impaired girls danced synchronizing with recorded music and guided by their music teacher. This was followed by a brief session of patriotic songs sung by the Blind girl students from the same Institutions with deep applause.

Next came the theater show "Harbola" by financially & culturally deprived children of impoverished weavers from Santipur under the training of "Santipur Sajghar" professionals. Spontaneous movement of artists and the charming story won the heart of the audience. SVH paid for the travel cost, food cost and honorarium for this group.

Calcutta Blind School

Oneday Braille Awareness & Braille Literacy Workshop at CBS, Behala

Registration of participants began from 11AM. This was followed by formation of participants into five groups.

Two Groups were shown a demonstration of MP3 players with recorded material. Other three Groups were asked questions first on their state of mind and response to various moods and challenges. This was followed by some simple questions on Braille e.g. who taught you to read and write Braille? Do you have your own Braille reading and writing equipment? What kind of Braille books you feel interested to read? And so on.

Later the Groups were rotated.

Our observations:

1. Students with average and above average intelligence were quite smart, cheerful, full of positive attitude to ask and learn.
2. Students with low intelligence level could not outsmart their peers but communication was very good among both the Groups.
3. We realized that an Workshop of longer duration was needed to equip students with a motivation to pursue study of Braille as a means to their freedom to information.

Between 18 & 23 December, 2015 an annual Camp for Children with various disabilities is hosted by the Himalayan Nature & Adventure Foundation (HNAF), Siliguri, a leading environmental consultant and adventure sports body. This year the venue was at Samsing forest in north Bengal, close from New Mal Junction. Siliguri and the whole of north Bengal being an earthquake-prone area, our Society decided to organize our Nature Camp for Blind children with HNAF under the expert guidance of Animesh Bose.

There were 120 + Campers with loss of vision, loss of hearing, cerebral palsy and intellectual impairments who enlivened the Camp with their independent movements, self-confidence, freedom and cheer in a barrier free environment. There were 20 Blind and Vision-Impaired children who came from local teagardens. SVH volunteers Purnima Ghosh, Shila Das and Tapasi Nandi stayed with the Campers in tents in a chilling weather from 18th to 23rd Dec.
