ORGANIZATION HISTORY/BACKGROUND

Founded February 23, 1983 by 12 dedicated members with the aim of REACHING EDUCATION TO SIGHTLESS CITIZENS. Inspired by Dr Miss Nurgez J Sethna, Professor of Maternal & Child Health, All India Institute of Hygiene & Public Health, Government of India, Kolkata, who was rapidly losing vision due to Retinitis Pigmentosa (RP), a genetic eye ailment, which continues to devastate lives of adults and children, without any remedy, all over the world.

During the initial years say 1983-1985 it was a full-fledged exercise which members and a small group of volunteers took upon themselves to interact with local Blind persons and their families, learn and promote Braille training, service and research and sensitize the community about equal rights and opportunities which a Persons with loss of vision deserved and network with leading Blind individuals and organization in India.

In 1989 the first step was worked out with the Himalayan Mountaineering Institute, Darjeeling under the Ministry of Defence, Government of India and the Indian Mountaineering Foundation, New Delhi, to mainstream Persons with Low Vision, Vision Impairment and total Blindness by imparting Life-skill training through Adventure Program such as Rock-climbing, Mountaineering and high-altitude treks up to the Dzongri La 13000ft in West Sikkim. This course covered Blind young men and women joining from different parts of India, making it the first organized mountaineering training of the Blind in the world. This annual course continued till 2001 when SVH opted for Nature Study Camps for rural Blind children to comply with budgetary constraints.

1989 onwards volunteers began recording audio books for Blind students and giving live readers' and writers' service to Blind students pursuing higher education within West Bengal.

15 September 1996 on behalf of the Library Ministry, Government of West Bengal, Amitava Bose, Chief Librarian, State Central Library West Bengal, an apex Library of the State Government, invited the Society to open and manage a Braille & Talking Book Library in their newly constructed Library building at Kankurgachi on PPP model where the space and infrastructure were extended by the Government while SVH raised funds to manage expenses and investment cost of this unit with the help of volunteers who worked hard to meet with limited resources academic demand of students.

1996-2010 SVH has been tagged by Government, non-Government, private organizations, special schools for the Blind and special educators serving the cause without sufficient knowledge and appropriate aids and appliances for the Blind to share resources and

expertise to bring a qualitative change in lives of Blind people. In 2010 The Hans Foundation contacted SVH as a God-send source of support and since then there was no looking back. We work hard to fulfill our passion “REACH EDUCATION TO SIGHTLESS CITIZENS.”

Over the years many new volunteers, some of them are trained special educators, have joined and we chose to pay them cost of job depending on the provisions in the Grant. Our friends and wellwishers continue to support us with their modest contributions in cash and kind which forms our General Fund to enable us to manage some special expenses for our Blind beneficiaries.

BRIEF ABOUT THE ORGANIZATION

Mission

Our organization was founded in 1983 with the aim of “**REACHING EDUCATION TO SIGHTLESS CITIZENS**”. Stepping into the thirty-third year this February [2016], we still prioritize this as our foremost task ahead.

Vision

- Each and every child with Vision Impairment must possess a Braille book, a Braille writing Kit, an abacus and an audio Ball while attending his/her nearest primary school classroom with his/her sighted peer under Equal Opportunity Inclusion set up
- Each and every adult losing vision due to incurable genetic diseases or accidents or surgical failures must be motivated to learn Braille to be literate again
- Print and publish as many Braille books as possible and on as variety of subjects as possible to encourage a Braille reader to be more informed about the world he/she lives in
- Record and prepare a large variety of Talking books with latest technological aids & devices so that a Blind person can compete successfully with his/her sighted peer
- Generate a spirit of freedom to read, freedom to move from place to place independently and negotiate a life of challenges and hurdles with a smile and grace
- Empower with skills to pursue higher education, technical education, music, dance, theater etc performing arts and mobility to lead a life of his/her choice.

Core values

- Approach to serving a Person with Disability in general and one with Vision Impairment in particular, must comprise treating them with dignity, on Equal Rights & Equal Opportunity basis
- No discrimination should be made among beneficiaries on the ground of gender, caste, creed or religion
- Service should be delivered with dignity and above self-interest.

Broad Strategic Framework

SVH

- Wants to be an organization where our staff-volunteers understand our goal and mission and are inspired to give 100% for the cause of empowerment of Persons with loss of vision
- Become the training and education resource of choice for all professionals, special educators, parents of Blind & Multidisabled children and Blind individuals by offering one-stop access to any and all existing education and training resources.
- Become a resource of choice for Talking Books in Bengali language which can be accessed by Blind and Vision Impaired citizens from all over the world
- Become a nodal point for Braille training, publication and research to promote Braille literacy among the Blind & Print-Handicapped Persons.
- Encourage Orientation and Mobility skills among children, adults and senior citizens with loss of vision to access Nature and barrier free environment with sighted guides, in the forest, on the seashore and in the mountains.

Secretary speaks

With deep gratitude to all our donors, individual and institutional members, volunteers and wellwishers, without whose 24X7 thoughtfulness and assistance this enormously large service delivery would not have been possible.

SVH SERVICE NETWORK

This report presents activities of SVH conducted primarily from two points:

Registered Office and SVH Braille & Talking Book Library Service for the Blind at the State Central Library, Kankurgachi, Kolkata.

Registered Office (Helpline of SVH)

Active Team: Anuradha Datta, Joint Secretary, A K Dattagupta Past President, A K Lahiri Past President, Kalyan Roychowdhury Treasurer & Volunteers Asish Chandra, Lakkhi Bag, Raja Rajak & Susmita Datta

- Projects of SVH implemented from all the service points were monitored and coordinated from the registered office. Through periodic discussion, interaction and decision-making among Office bearers, members, project volunteers and advisors implementation was carried out.
- Meetings of the Governing Body, General Body, Subcommittees, Special Committees preceding and following each project were planned and conducted here. Regular telephone contact among members as well as convening meetings, sending notices and organizing events with follow up tasks formed an important official task.
- Monitoring of accounts, finance transactions, maintenance of records and office documents, interaction with Government Departments were maintained.
- Responding to telephone calls from various parts of the country, offering appropriate consultation and counseling and receiving visitors who would turn up unannounced to seek assistance for various requirements. Maintaining a continuous communication network to respond to demand for counseling and rehabilitation, guiding donors and prepare updates on SVH's capacities formed an important task.

And all this resulted in saving of establishment cost and consequently greater investment in empowerment of beneficiaries.

			through MP3 players Sound checking of each and every master CD by Blind volunteers	
3	Computerized Braille Book Production Project	Pre-Primary School-level to HS level. Higher education material on request.	Functioning Braille Printing Presses are overburdened with academic material.	We keep on conducting a survey of Braille users and their choice of reading material at various Institutions and from individuals. Then we select material for Braille printing with focused target of Blind children and adolescents.
4	Life-skill Training through Adventure sports, coastal trek and Nature study-Jungle camps	For Coastal trek we select adult Blind young men and women pursuing higher education to become independent & self-reliant through developing of body-confidence. For Jungle Camp we select Blind children from BPL families of Teagardens, migrant labors enrolled through Sarva Sikhsha Mission Schools	Our Society first started this Adventure Camps for the Blind in 1989 onwards and now many other Institutions are participating in similar camps held by Mountaineering Clubs covering all areas of Disability. This Camp is used as a mode by SVH to connect its beneficiaries with the help of Special educators to access Braille material, Talking Book material, aids and appliances and counseling and guidance.	It becomes difficult to communicate with parents of these children as they live totally away from mainstream life and are ignorant about abilities of a person with loss of vision. They suffer from low self-esteem due to insensitive community members. The process begins in the Camp and we follow it up from Kolkata and reach service to them.

PROJECT EDUCATION EMPOWERMENT FOR LOW VISION, VISION IMPAIRED & TOTALLY BLIND PERSONS

Education Support for the Blind & Visually Impaired Students

- i. Membership Enrolment of new students & renewal of old students
- ii. Assessment (academic) of requirement of students; Braille books, Talking books, other aids
- iii. Distribution of Aids & Appliances
- iv. Grant of scholarship
- v. Digital Talking Book Library Service
- vi. Computerized Braille Book Service
- vii. Life-skill training through Adventure Sports

Education Status of beneficiaries

Rise in enrolment of Visually Impaired and Blind students in the local primary schools in 20 educational districts of West Bengal under the Sarva Sikhsha Mission Inclusive Education project with requisite resource support, has brought a spurt in the enrolment, retention and educational progress of these students. In contrast to the decreasing rate of enrolment in special residential schools for the Blind, due to financial restraints, the ratio is higher in general schools.

Previously in rural areas parents with a disabled child would never imagine their child, especially Blind, can attend the nearest primary school with dignity along with their sighted peers. However wider participation of village level education committees, local NGOs, Human Rights and other Activist Groups, have worked as a monitoring agency on teachers and non-teaching staff to make sure no child is deprived of his/her Right to Education. As a result the demand for supply of Braille Writing Kit and Talking Books has jumped high and we have to stretch our modest resources to cope up with this increasing demand. Earlier audio material for curricular books was kept restricted for circulation among students upto Class VIII to facilitate their language and spelling skill development through Braille reading and writing. But for various reasons this rule was relaxed and Class one onwards all reading material has been recorded for circulation. Our sincere thanks to The Hans Foundation for granting SVH a substantial amount of funds to take care of this expanded project.

These projects consist of

- i. Admission of students for membership with due endorsement by the Heads of the Institutions,
- ii. Completing a Profile on each student-member with detail,
- iii. Documenting each student-member with a photograph,
- iv. On submission of membership form duly completed students are oriented with operation of MP3 players,
- v. Students who have so far been accustomed to handling of cassettes at their own pace learn to use tiny MP 3 players containing the entire syllabus recorded in one memory card, either through plugging in of earphones for a long stretch of period or listening through mini-speakers,
- vi. Requisition of study material in person or over phone,
- vii. Selection of academic study material from School to PostGraduate, MPhil & PhD level plus other competitive examinations e.g. SSC, NET/SET,
- viii. Purchase of ink-print books for recording,
- ix. Purchase of digital voice recorders with microphone for recording ink-print books
- x. Transferring of recorded material over to computer system for digital editing to editors along with catalog preparation,
- xi. Edited audio books produced in master CD,
- xii. Renaming of recorded files after editing for distribution among students in memory cards,
- xiii. Manual cataloging of recorded titles during recording,
- xiv. Final catalog from computer as well as manual with master CDs,
- xv. Check master CDs for overall editing & sound by Blind persons,

- xvi. Daily library service of lending and returning of Talking Books over the counter to individuals and institutions,
- xvii. Student counseling and guidance,
- xviii. Loan of educational aids and appliances and
- xix. Attention to special needs of library users.

Selection of academic study material for students

An annexed list of students of this service will show that by word of mouth an ever-increasing number of students enrolled in special schools, regular schools, Colleges and from 19 Universities, used our service regularly. These are as follows:

Schools

- Schools affiliated to West Bengal Primary Education Council
- Schools affiliated to West Bengal Board of Secondary Education
- Schools affiliated under West Bengal Council of Higher Secondary Education
- Rabindra Mukta Vidyalay, Government of West Bengal
- IGNOU BPP Course (abridged HS)
- NSOU BPP Course (abridged HS)

Universities

- Burdwan University (Regular & Distance Courses)
- Calcutta University
- Gaurbanga University
- Indira Gandhi National Open University (IGNOU)
- Jadavpur University
- Kalyani University (Regular & Distance Courses)
- Madhya Pradesh Bhoj Open University
- National University of Juridical Sciences (NUJS)
- Netaji Subhas Open University (NSOU) (Distance Courses)
- North Bengal University
- Presidency University
- Rabindra Bharati University (Regular & Distance Courses)
- Ramakrishna Mission Narendrapur Residential College (Autonomous)
- Shobhit University, Birbhum (Distance Courses)
- Vidyasagar University (Regular & Distance Courses)
- VisvaBharati University
- West Bengal State University (Regular & Distance Courses)

Competitive Examination Authorities

- Primary Teachers Examination (TET)
- School Service Commission (TET) & (Subjects) Examination
- College Service Commission Examination
- NET/SET/JRF Examination
- WB Public Service Commission Examination (GK)
- Railway Service Examination
- WB Staff Selection Commission Examination (GK)

We collect syllabus showing the curriculum of studies and recommended books, compare and match common and uncommon topics, calculate our availability of time and resources, plan the timeframe for recording and give students a date for delivery. Most of these students come from long distances; hence one complete set is issued to a student for him/her to study till examination and then return.

Bengali being the medium of instruction for almost 99 % students, our Talking Book Collection is Bengali-language based except for those who take up English for higher studies. In the latter case now we guide them to utilize resources stored in the internet at national and global level.

Purchase of ink-print books

Since institutional libraries lend books for a restricted period, and often change of syllabus calls for new books, most of the textbooks and reference books are bought from the market and given to recordists for recording in order of priority. Xeroxed notes are recorded on special request from UG/PG/NET /BEd students.

Daily library service of lending and returning of Talking Books over the counter

Each student needs to complete a Membership Form for this SVH Library Service recommended and endorsed by the official institutional authority with a stamp-size photograph. Talking Book users and their escorts are then explained about the rules and regulations for using this Library service. For most of them it is a first time exposure to a library set up and we consider it important to inculcate in them the value of this service given free of charge. Users are expected to borrow and return in person the MP3 players and other equipment, loaned to them over the counter and inform the Service In-charge about the quality of the machine when returned.

Low Vision, Visually Impaired & Blind Users of Library Service

Scholarship

Sources of Scholarship

During the year education support in terms of scholarship was raised from three sources: (i) The Hans Foundation (THF) (FCR), (ii) SVH General Fund with contributions from individual and institutional donors within India and (iii) contribution of overseas individual and institutional donors through FCR.

Disbursement policy

While granting scholarship to Blind, Vision Impaired and Low Vision students pursuing higher education for over two decades, our priorities were (a) consistent academic record, (b) eagerness to pursue higher studies and (c) financial background. We found that 99% of these students are first generation learners; they belong to below poverty level (BPL)

families and in majority of these families mothers struggle to give education to their sons or daughters. There are also cases where a family has more than one Blind child and the burden is miserable.

Due to several factors e.g. attendance in College/University, non-availability of escorts, problem of road or railway communication, distance etc, it is not always possible for the beneficiaries to report on a scheduled date to collect scholarship. Hence occasional overlapping will be found in the disbursement figures which we request, may be considered with compassion.

We introduced this scholarship in a small way raising funds from our friends and well-wishers since the decade of 80s. Since last three years THF has generously supported SVH, encouraging this Education Empowerment Project, for which several students and their families feel a reassuring support. A few of the following case studies will illustrate our statement.

While disbursing the scholarship it so happened that some students would finish the course of studies or find an employment. In that case we decided to discontinue the grant for that student and transfer it to the next student in our shortlisted panel.

Scholarship disbursed from THF FUND

The Hans Foundation monthly scholarship (committed) grant @ Rs 500/-X 12 months for 15 students

Statement of Scholarship Disbursement

While monitoring progress of students enrolled with SVH education support, some points drew our attention. For instance some students were not serious about their studies and attempted to cheat us by telling lies. It was possible for us to track them through use of MP3 players. Then some students would bring back their MP3 players lost or damaged or tampered with. It could have been possible that their sighted family members, as they would defend, would take out the recorded chip and sell it off outside. Or simply damage the tool. We therefore decided to limit our support only to those who were serious about

continuing their higher studies. As a result the following Table will show frequent change in names of recipients for which we request our Donor to bear with us.

Inspiring stories (Scholarship Recipients)

SAYERA KHATUN

Here we present Sayera Khatun. Sayera, a Urdu speaking Muslim, lost her vision since childhood. She comes from an extremely poor minority community of Kolkata. Her father worked as a watch mechanic but due to failing vision he had to stop the only occupation.

In 2005 Sayera passed from Calcutta Blind School, Behala, the third oldest Blind School in India. She has one elder brother who postgraduated in Urdu but was not able to find an employment. At the moment he delivers daily newspapers to homes in the morning. Her younger brother is preparing for competitive examinations but could not yet qualify for any recruitment.

Sayera would always come escorted by her mother Taheda Banu, both of whom looked extremely pale and undernourished. When Sayera was continuing her Higher Secondary studies she would give some private tuitions to Blind children here and there drawing a paltry sum.

In 2009-10 Sayera reported to us seeking educational support for her undergraduate studies in Calcutta Girls' College with Bengali Hons. Along with resource support in terms of recorded audio books, tape recorders we could arrange for her a scholarship support sponsored by the Boruka Charitable Trust, Jaipur. This scholarship support continued till Sayera completed her postgraduate in Bengali from the Jadavpur University, Kolkata. She then enrolled herself for her MPhil Course in Bengali from the Jadavpur University and continued to appear for various competitive examinations including the School Service Examination conducted by the Government of West Bengal. As there were intervals in her studies we decided to shift her with Adhoc scholarship support. One of SVH's volunteers, Miss Nita Dey, who teaches in Calcutta Blind School, volunteered to dedicate her Saturdays and Sundays to help Sayera cope up with her increasing load of studies.

Just two months back she was declared qualified for a teacher's post in a secondary school in Nodakhali, South 24 Parganas with a good salary and security of a Govt job. Sayera is very keen to complete her MPhil degree as she feels, once she becomes a teacher, her scope of taking up a research project will get restricted. With the support of the Hans Foundation, introduction of digital mode of recording of Talking Books and nano audio equipment making recorded material compact in one memory card, our volunteer recordists, took up a marathon recording to see she never has to wait for her study material. Her appointment letter will be reaching soon and we at SVH along with our Donors pray may Sayera lead a life of self-reliance and deliver knowledge to sighted students in her school!

Dipankar Sarkar

Dipankar was born on 15 August 1986 in a low income group family in a remote village in the north 24 Parganas, West Bengal. Early in his childhood he lost vision in both eyes the cause of which doctors could never diagnose. His is a family, originally belonging to present Bangladesh and they came in West Bengal as penniless refugees. Most of their possessions were usurped by their own family members and finally his parents, struggling hard against financial hardship and moving one place to another, came to live in a Govt accommodation here. Both Dipankar and his immediately elder brother Biswajit (sighted) are their parents' advanced age sons. After a lot of search and inquiries, Dipankar was admitted in the Ramakrishna Mission Blind Boys' Academy, Narendrapur, a special school in the southern suburb of Kolkata.

He studied in the special school from 1994 to 2006 when he qualified in the 10th Class West Bengal Board Examination with flying colors. The Mission authorities however refused to admit him in their well-reputed, elite residential College in the same premises to facilitate his higher secondary examination. So Dipankar came back to his rural home and got himself admitted in the local Dakshin Chatra High School, where there was absolutely no awareness, no infrastructure to enable a student with loss of vision to go for higher studies. Here Biswajit took the cudgels and made an all out effort to make sure his younger brother did not have to lag behind in acquiring higher education. Finally Dipankar was able to qualify with high marks in his higher secondary examination and got admission in the Jadavpur University, Kolkata for his undergraduate course of studies.

It was at this point of time that Dipankar, around 2008, landed up at our Society asking for recorded study material for his Hons in Bengali. Now there was no looking back and Dipankar completed his undergraduation in the first class while one of our volunteers, Mrs Nandini Sarkar, came forward to sponsor a scholarship for him. He then completed his postgraduation in Bengali obtaining a first class against tough competition from sighted students. This year he has enrolled himself for BEd, a Course for training teachers from the same University.

In the meanwhile with our resource support, which was made possible largely through the support extended by the Hans Foundation facilitating digital recording, Dipankar began appearing for various competitive examinations leading to employment. He just cracked through the School Service Commission examination conducted by the Government of West Bengal and stood qualified while thousand of sighted students could not qualify. He is awaiting his appointment in a general school where he will deliver knowledge and education to sighted kids, earn a decent salary and support his parents and brothers who shared their own meager meals to see him stand self-reliant.

He still aims high. He now prepares himself for College Service Commission examination so that he can hone up his brain with more knowledge! And the most overwhelming point to note here is that his brother Biswajit who worked day and night in a call centre to support his brother, gave up his job and oneday just landed at our Library to say that he would feel happy to work with us for the Blind and vision impaired persons with his computer skill and doesn't care whatever we pay. We tried to convince him that this is an emotional decision and that we really can't afford to hire him on a regular basis as our resources are limited.

But here The Hans Foundation stepped in like a God-send and now we are able to include him in our team of volunteers with grants that THF gives to SVH and its impact is touching lives of hundreds of

Blind and Vision Impaired students who appear at our Library showing a keen interest to have education and bring an improved quality of life for themselves. Thank You, THF!

Computerized Braille Book Production Project

This project constitutes a vital activity of SVH to make our motto “Braille A Page Light A Mind” a reality. It involved the following components:

1. Continuous survey of Blind and Vision Impaired beneficiaries about their status of Braille reading and writing skill, how much importance they attach to collecting information through Braille, their choice of Braille books, availability of Braille reading material in the market, status of production of Braille books and their quality and circulation of Braille books both academic and leisure-reading.
2. Counseling Blind students, Braille neo-literates and Blind teachers to promote Braille literacy for the Print-Handicapped.
3. Source all kind of Braille books available in the market to develop a collection for the SVH Braille Library as well as to reach them to Braille readers in need, be it in Special Schools for the Blind, Resource Rooms maintained by Sarva Sikhsha Mission or individuals and reach them the books as early as possible.
4. Generate information about availability of Braille reading material from SVH published from time to time.
5. Depending on the feedback received from the above items SVH p has to plan its list of priority Braille books ready for production.
6. There are always special requests coming from individual Braille readers of various backgrounds to get their important reading material relating to academic need embossed.

Case study: Rashmi Maruwada

Rashmi, born of parents hailing from Hyderabad, Andhra Pradesh, (settled in Kolkata for a long time) was born with cornea problem and had to undergo surgery at a very early age leading to loss of vision. She reported to our Society in 2000 at the age of two years and with consistent support from her mother Annapurna, a computer professional and resource support from SVH, Rashmi progressed in her studies in a prestigious general school "Path Bhavan", Kolkata competing with her bright and shining sighted peers. In the meanwhile she has received several important awards at national level, making her school proud and as one of her teachers commented, "Our sighted students could not bring such a glory to our school as Rashmi did."

With THF sponsored Braille Embosser, it has been possible for us to equip Rashmi with current Braille notes of her classroom in a day and her progress is fantastic. And these Braille books and notes which she uses are added to SVH Braille collection and are later circulated as reading material among other Blind students and Braille readers. Jai Ho THF!

Case study: Laksmiram Hembram (THF Scholarship Recipient)

Laksmiram suffers from loss of vision due to congenital birth defect in his eyes. A resident of West Midnapore, he had his education from general schools around his locality as follows: Sarakata Primary School Class I-IV, Sri Sri Radhamadhavji High School Class V-X and from Rabindra Mukta Bidyalay (Open School) Class X and completed his XI-XII from Sutahata Janakalyan Sikhshayatan. At present he is studying for his undergraduation with Hons in Political Science in Vivekananda Mission Mahavidyalay, Haldia, Midnapore East. He is simultaneously enrolled himself for DEd (Special Education for the Blind, a primary level Teachers' Training Program) at Vivekananda Mission Ashram, Haldia Midnapore (E).

Laksmiram lost his father. His widow mother works as a domestic aid and as a day-labor in the agriculture work.

In 2008 Laksmiram contacted SVH for listening material for his Class X course of studies. Since then to date he has actively participated in various SVH programs and kept up his zeal for higher education. He looks forward to obtaining a job once his graduation is complete so that he can support his mother and at the same time pursue higher education.

Helen Keller Day 2014

During 27-29 June 2014 SVH observed its annual observance of **Helen Keller DeafBlind Awareness Day** in an innovative manner. Earlier our recordist-volunteer Mrs Manjula Upadhyay, wife of Major General Santosh Upadhyay, posted at Panagarh Army Cantonment, has been helping us with valuable services when her husband was stationed in Salt Lake, Kolkata since 2005.

Since very few among civilians have correct knowledge of Army establishments, their mode of work and living, discipline, use of weaponry etc we from SVH requested Manjulaji to give us an opportunity to observe this program in her Army cantonment at Panagarh. She readily agreed and made all arrangements to make our stay comfortable and meaningful there.

Our schedule was like this. Since ours was a team of 102 persons, comprising 41 male Blind students, 27 female Blind students, 10 parents/guardians & 24 SVH volunteers, we had to arrange for a nightstay on 26 June 2014 close to Howrah to enable us to catch the early morning train to Burdwan.

Dr Ashok Agarwal and Dr Anand Agarwal, Trustees, Bhoruka Charitable Trust, Jaipur very kindly arranged for our free of charge stay at Binani Bhavan, Mathuradas Govardhan Binani Charitable Trust, Burrabazar, Kolkata and warm freshly cooked food was served with great sincerity. On 27th we took early morning train to Burdwan where from the railway station two Army buses transported us to Panagarh Army Cantt. The program then was as follows

27 June 2014 Arrival at Panagarh around 11 AM. Army personnel greeted us warmly, took special care of the Blind and Vision Impaired, and served refreshment. It was very hot outside. Accommodation was arranged in the large and spacious, Kendriya Vidyalaya rooms ground and first floor. After lunch, around 3 PM we were given a busride to Durgapur

Ananda Amusement Park. They had a free movement in the barrier-free park environment with merry-go-round, swing-ride and water-sports.

Back to the venue, after refreshment, participants were given orientation training of the entire venue including drinking water source and toilet, so that they can move independently. This was followed by self-introduction of participants, escorts, SVH officials, Army personnel present. Artists from among them were identified and sensitized about the performance they should present on the Campfire event.

28 June 2014 6AM the team left for an early morning trek in the open fresh air, had light stretch-ups. After breakfast at venue, the team left on a trek to Kshetrapal Baba's Temple reaching there by 9.10 AM. After showing them around the features of the Temple, a 5KM walk led the team to the Arms & Weapons Unit for a tactile demonstration. One bus followed the team to help Blind persons who could not walk all the distance for some reason or another. Army personnel took great care to explain each and every weaponry by narration and touch so that some concept is developed among the participants. Honestly many of us felt greatly enlightened too.

29 June at 6AM our team left by Army buses for Bursdwan Railway station to catch a train for Howrah. Army personnel who escorted us showed deep compassion and warmth of heart to make us comfortable offering sweetmeats and waved till our train departed.

Participants (Each participant was gifted a backpack containing dry snacks, a steel round tiffin box, a towel, personal toilet items & new saris to mothers of Blind participants)

SVH-THF Workshop on “Interaction with Blind Students on Talking Books: Use of MP3 Players

Date: 16 September 2014 9.30AM-3PM

Program

9.30-10.30AM: Fellowship & Registration

10.30-11.30AM: Welcome address and instructions to participants by Chandralekha Sinha & Hena Basu

11.30AM-12Noon: Group Formation & seating arrangements by Groupleaders

12 Noon-2PM: Broup interactions & Group presentations

2PM-3PM: Distribution of new clothes for forthcoming Id festival and Durgapuja festival, dry lunchbox, travel reimbursement followed by break-up of program.

Objective

To interact with student-users of digital talking books based on a flexible questionnaire to find out the advantages and disadvantages experienced by them

To invite suggestions from users as to how best we can serve them with digital equipment and listening material.

To include senior Blind and Vision Impaired students as Resource Persons in each Group so that they can guide junior students with reassurance and learn how to conduct a group-discussion.

Coastal Trek Gopalpur On Sea-Puri, Odisha January 22-26, 2015

**Total team 84; Blind 46 Male 13+Female 33; Parents 4; SVH volunteers 31;
Cooking assistants 3**

Objective

To empower Persons with vision impairment with the skill of mobility so that they can learn to move independently and negotiate hurdles. This project would not have been possible without the encouragement and financial support of The Hans Foundation,

Team consisted of a total 84 persons i.e. 46 Blind participants (Male 13+Female 33), four parents of Blind students, SVH volunteers and Resource Persons 31, three kitchen staff.

Date of Departure: 22 January by Chennai Mail arriving at Berhampore around 11 AM destination Gopalpur on sea.

23 January 2015

With two minibus and three vans we reached Gopalpur Panthanivas, a Govt of Odisha accommodation for tourists. After brief refreshment the team was led to the seashore, clean, solitary with constant sound of rising waves. A long walk following the seabeach keeping the sea on our right, Blind participants were given the exposure of dry & wet sand, saline water smell in the air and a description of the rough sea which they noted through their various feelings. At the same time footsteps on dry sand, slightly moist sand and wet sand exposed them to a totally new ground orientation about which they had no concept at all.

1-3PM Lunch

3-5PM

After lunch participants were taken around the premises of the Panthanivas, helping them learn about the vegetation around and the red laterite soil. They were made familiar with clues in their new place of stay spread over cottages in a big area. They learnt to move independently from their cottage to dining hall while escorts were watchful by their side.

6-9PM

After tea break participants were given an hour's time to get prepared for evening music session. SVH's Blind Resource Persons namely Bacchan Shaw, Ranabir Dutta and Shipra Maitra took charge of this session to identify participants talented with skills in performing arts, train participants in learning new songs, presenting poems and correct their speech to facilitate better communication skill. Also preparation was on for a cultural program presentation hosting a Campfire at Puri.

24 January 2015

6-7AM

Participants with escorts reported for a light warm up session. Birendranath Mukherjee, a high altitude mountaineer, guided the participants about stretching exercises while escorts demonstrated to them by touch and narration about movement of body parts.

7-9 AM

Breakfast and bath.

9AM-12 noon

A trek around various points of Gopalpur with its local characteristics, i.e. a visit to the Lighthouse used to guide mariners and fishermen and guarding the coastline.

3PM Departure for Puri by bus and arrival at 9PM checking in at the Yatrika Dharmashala at Baliaponda.

25 January 2015

6AM-8AM

A trek following the Puri seabeach upto Mohana and back.

8-10 AM

Bath & breakfast

10AM-12 noon

Participants were taken for a visit to Sri Jagannath Temple, Puri followed by a brief leisure for shopping.

12noon-3PM

Pack up for departure.

5PM-9PM

Hosting of Campfire before an invited audience by the participants and their statement of experience about this trip followed by distribution of blankets to Blind participants..

26 January 2015 Departure for Howrah.

Nature Study Camp at Lataguri, north Bengal

Team consisted of Blind & Multihandicapped participants 19 (male 10+female 9)+Parents/Escorts 12+ Special Educators 8+ SVH volunteers 25+ Photographers 2+ Visitors 2 = 68

Objective

To empower rural and tribal Blind children belonging to families of teagarden labors and migrant daily wage-earners around remote areas of Siliguri and Jalpaiguri districts with skill of communication through music

To give these children an opportunity to spend time with Special Educators so that they can learn the skill of daily living, minimum hygiene and cleanliness, body-awareness and body-confidence through a Camp-life

To sensitize family members of Blind children who were participating in the Camp the need for developing self-esteem for their disabled children and information about facilities available for education of children with special needs under the State and Central Government Schemes

To demonstrate educational aids and appliances e.g. Braille slate & stylus, Braille paper, Braille books, Talking books in MP3 players, audio balls so that the Special Educators can contact us whenever there is a need for a student.

12 February 2015

Reporting at Pasakhan Resorts & Sylvan Retreat, Lataguri, Jalpaiguri Dist. By the time all 19 children arrived with their parents or Special educators it was time for lunch. These children and their parents/guardians took quite some time to feel free to communicate with urban people like us.

After settling down in dormitories and rooms it was time for Lunch break.

Soon after lunch the entire team sat closely for a self-introduction so that we know one another by voice and touch. This session was also used to identify various co-curricular talent in these children so that they can present a lively show in the Campfire. Afternoon refreshment was followed by a music training session led by Bacchan Shaw. By 8PM Dinner was started as children go off to sleep sooner.

13 February 2015

The team was led by Bidyut Sarkar and Birendranath Mukherjee, two very senior mountaineers, for a long trek to Neora river following the now-abandoned railway track from Jalpaiguri to Chanrabandha, Bangladesh border. Returning around 1PM they felt so enchanted, cheered and hungry that immediately food was served to them by volunteers.

In the afternoon, first a demonstration was held on MP3 players with digital recording of talking books. These students coming from remote rural areas have practically no access to these educational aids & appliances. Photographs will show how they remained glued to the machines listening to recorded books. After light refreshment, music training was imparted to the children who spoke Hindi, Nepali, broken Bengali and tribal dialects. Preparation was made for the next day's Campfire with selection of artists, solo and in group.

What was also noticeable was that these participants who subsist on a daily intake of rice and salt once a day relished the simple well-cooked menu and expressed their satisfaction.

14 February 2015

After breakfast the team left for a trek to Gorumara National Park. First we went to the Gorumara Interpretation Center and Deer Park where information was read aloud from the Board. Then volunteers made the children touch the models of animals and wire-boundaries of the Deer Park. From there we walked straight to Gorumara National Park main entrance and took a left turn toward the public road for the jungle where a photo-session was held.

In the afternoon we had two reputed visitors namely Animesh Bose, Secretary, Himalayan Nature & Adventure Foundation (HNAF), Siliguri and Sankar Majumdar, President of the same organization. Animesh Bose, an international consultant on Environment, is an Expert Environmentalist, skilled in mountaineering, bird-watching, animal-conservation and on the Himalayas. HNAF organizes annual Camp for Disabled children 18-23 December. He blessed the children and the volunteers to be more environment-sensitive and enjoy every moment in the Camp-life.

In the evening volunteers organized a beautiful cultural program where children demonstrated their abilities as artists.

15 February 2015

The camp was disbanded with a promise to meet again next year. Joy was writ large on the face of Divya Mardi, a girl-child who can neither see, nor speak but could enjoy the Camp with every pore of her skin.

Total audience 68 (Blind 8 Male 6+Female2)

In this program attended by friends, well-wishers, donors and beneficiaries of SVH, the main presentation consisted of three parts: i. Release of a Braille book titled “Rahasya Galpo”, a collection of detective stories in Bengali Braille sponsored by The Hans Foundation. Rashmi Maruwada along with other undergraduate Blind students namely Rajkumar Singha, Raju Singh, Sandip Ghosh, Sanjay Mandal and Bacchan Shaw (Music Faculty person) released this book amid great applause. Second part of the program consisted of a collection of patriotic and devotional songs presented by these students led by Bacchan Shaw. Third part of the program was a theater show presented by a local group ‘Sundaram’.

Members of the audience felt deeply impressed by the talent of the Blind artists and requested us to present an exclusive program by them in 2016.

Writer’s Service

SVH honored Rajib Kirtania, an UG Bengali Hons student for volunteering as a writer to Nilratan Bala, a Blind student appearing for his MA Pt I examination of Rabindra Bharati University (Distance) on October 11, 13, 15 & 17 2014. A certificate and some money for refreshment and transport were paid to Rajiv for this noble service.
